

## Product change notification (PCN)

<b>Title / short description</b>	UPS-BAT/PB Alternative battery for US market
<b>Affected article category</b>	Power supplies and UPS
<b>Change category</b>	
<b>Change number</b>	CCM250153-0
<b>Reason for PCN/PDN Revision</b>	

---

**Purpose/objective of the change**

UPS-BAT/PB - Alternative battery supplier for US market

**Detailed description of the change**

Dear Sir or Madam,  
in the future, the UPS-BAT/PB battery modules will be produced with two different battery types.  
This change will affect the US market only. The capacities 7, 12 and 40 Ah will be delivered with a new, technically comparable, battery type and another country of origin.  
The firmware will be updated for the new battery type to properly support the IQ technology.  
All other countries will not be affected by this change.  
For replacement of the batteries at end of life it is important to use the exact same battery type as the delivery state. For further details on the change, please refer to the attached document.

**Identifying characteristics**

The installation note is updated with additional information to the replacement batteries.

Which battery type is equipped in the battery can be identified with the V/C level. The V/C level is visible on the packaging label and product label.

<b>Start of Production (SOP)</b>	-	<b>Last Time Delivery (LTD)</b>	-
<b>Effective date (EOP)</b>	2025-12-31	<b>End of Service (EOSR)</b>	-
<b>End of Sales (EOS)</b>	-		

**Short-term change (< 6 months) or discontinuation (< 12 months), due to:**

Software / Firmware Bugfix       Short-term delivery stop by supplier  
 Force majeure       Product improvement with customer benefits  
 Others

Country of origin tariffs
