### Description of Change:
End of Life for DWM1004C

### Reason for Change:
Components in the BOM for the DWM1004C have gone EOL, therefore a redesign would be required. We feel development needs are well met by the new DW3000 based modules now available to our customers, therefore a redesign of the DWM1004C is not warranted.

### Detail of potential impact to customer:
Customers will need to place their last time buy orders by the date specified.

### Affected Products:
DWM1004C

### Comments and/or Supporting Data:

#### The following only applies to Major and Minor Changes

- **Affected Product Specification** (if applicable): NA
- **Qualification Plan or Data** (if applicable): NA
- **Customer Samples Available** (if applicable): NA
- **Qualification Results Available** (if applicable): NA

#### Planned First Ship Date:

#### Identification of Changed Product (if applicable): NA

#### The following only applies to Obsolescence Notifications

Any purchase orders issued for end of life (EOL) products identified in this PCN are non-cancellable, non-returnable (NCNR).

- **Last Time Buy Date**: Nov 1, 2022 -- Please contact andrew.flynn@qorvo.com with any enquiries with respect to this EOL notice.
- **Last Time Ship Date**: May 1, 2023 --
- **Alternate Part Recommendation**: DW3000 based modules

### Customer Acknowledgement/Responses: All Customer responses must be sent via e-mail to PCNResponse@qorvo.com. When replying, please include the PCN number in subject line. Customers should acknowledge receipt of the PCN within 30 days of delivery of the PCN. Lack of acknowledgement of the PCN within 30 days constitutes acceptance of the change. Any concerns, sample order response, or a request for further information must be provided within the acknowledgement period. If additional time is required to determine if samples or additional data is required, the customer must submit this request along with the acknowledgement response and state when they expect to complete their review. After acknowledgement, lack of additional response prior to the planned first ship date constitutes acceptance of the change. If the customer requires additional time to perform sample testing, beyond the stated planned first ship date, an extension must be negotiated with Qorvo. Acceptance of the PCN prior to the planned first ship date is considered approval to begin shipments early. Any contractual PCN agreements made with Qorvo supersede these requirements.
