L9454, L9455, L9465N Product Termination

Please be informed that due slow moving commercial products listed below will be terminated.

Here products terminated and nearest replacements:

Product	Replacement	Note
L9454	L9916B	L9916B is a smart alternator voltage regulator intended to be used in automotive application for both 12 V and 24 V systems. The presence of OTP cells for parameters programmability makes it suitable for a wide range of charging application.
