Product Change Notification

1. ECR #: 25-33852-1
Notification #: 788

2. Date of Announcement: September 09, 2025

3. Series:
• T2M - T2M 2MM SHROUDED TERMINAL STRIP

4. Part #'s Affected
• T2M-1XX-XX-X-D-XX-XX-X-XX

5. Description of Change:

A gate recess feature is possible on the housings for future orders and will be present or not at Samtec's discretion. Variation is possible within an order and from order to order.

6. Method of Identifying Change

Gate recess feature will be visible on the outside edge of the body as a rectangular cutout.

7. Reason for Change:

Having the ability to mold housings with this (optional) feature improves service and capacity by utilizing all sources of supply of the insulator.

8. Impact of Change on Form, Fit, or Function:

- Form - Added gate recess to body on the outside

9. Projected Implementation Date: September 09, 2025

Disclaimer

Please review the change notification details listed above for specific information regarding the nature and timing of the change. While Samtec has taken precautions to ensure this change is not detrimental to your application, each application can be unique and therefore customers should consider the effect of the change on their specific application.

Samtec has taken efforts to ensure that all users of this product who have requested change notifications have been informed. However, you should assume that this is the only notification that will be sent and you, as the recipient, must determine how to communicate this information to your organization(s) and customer(s) as appropriate. If you wish to opt out of receiving Samtec Product Change Notification emails, please contact CustomerECN@samtec.com. Due to technical progress, specifications are subject to change without notification and it is recommended to provide an alternative contact when opting out.

Please contact Samtec at CustomerECN@samtec.com for any questions related to this change.
