

Dear Valued Customers,

October 5, 2012

Discontinuation of MS/TS series rechargeable battery for product consolidation

We would like to thank you for being a valued customer of our rechargeable battery and capacitor offering and your continued support.

Due to limited demand on a few of our Rechargeable Battery Tabs, and the whole Low Voltage TS series, we regrettably announce the discontinuation of the following tabs and batteries listed below:

1. Discontinued Parts

a. Rechargeable battery MS series Tabs

- MS412FE **IL21E**
- MS614SE **IL38E** / MS614SE **FL29E**
- MS621FE **IL36E** / MS621FE **VN31E**
- MS920SE **IL37E** / MS920SE **HF51E**

b. Rechargeable battery TS series

- TS414H IV01E / TS414H IV02E / TS414H IC02E

2. Schedule

Last day of order acceptance: End of March, 2013

Last day of delivery: End of September, 2013

Samples, specification sheets, and reliability data to consider replacement are available upon your request.

If you have any questions, please contact your local Seiko Instruments Sales office.

We sincerely apologize for any inconvenience this matter will cause, and your kind understanding is highly appreciated.
