Information Note

CeraDiode / Voltage Protection Devices

Notice regarding changes to customs-relevant master data Harmonized System (HS) – Code information

In accordance with the binding tariff information letter [ATBTI2026000033-DEC dated June 5, 2026](#), issued by the Austrian customs authority and valid until June 4, 2029, the HS-code information will change in the TDK shipping documents as follows:

Affected products

Ordering code	Type	Old HS-code (European Standard)	New HS-code (European Standard)
B72440D*	CeraDiode / Voltage Protection Devices	85411000	85332100
B72500D*			
B72570D*			
B72590C*			
B72590D*			
B72714D*			
B72724D*			
B72735D*			

The change will take effect with one of our next deliveries of the products with the affected ordering codes. All other specified product and delivery features remain unchanged.

We kindly ask you to forward this letter internally to your customs/shipping department to update the HS-code information accordingly, considering your national tariff classification, for which additional and/or partly different regulations may apply.

Please note that the above information is based on the present status as of July 20, 2026, and is provided by us for the sake of information. National tariff classifications are subject to changes. Importers are responsible for maintaining awareness of the currently valid regulations and following them.

Contact Carlos Schlabit, PPD ML PM, Munich

Customers are asked to address inquiries directly to their sales contacts.
