TE Connectivity

Product Change Notification: P-20-019331

PCN Date: 14-JUL-20

Customer: Mouser Electronics Inc (167836)

Location: Mansfield

Agreement: Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

HVA 280 Connector family

Description of Changes

Additional mold capacity tools are being launched for TE component pns 1587720-1. This is plastic peripheral plug seal retainer for sub assemblies 1587819-x, x-2103177-x, 2103628-x, 4-2103350-x, 4-2103015-x, 4-2103587-x, 2103534-x, x-1587715-x and 2103158-x. Conformance to product performance has been verified through validation testing

Reason for Changes:

Product improvement. Product improvement. Dear Customer, we hereby inform you of a mold tooling capacity increase on our HVA280 connector family, in order to handle product demand. The tooling capacity launch and introduction follows a strict TE internal release procedure and certified management system to maintain form-fit-function integrity of the concerned product
