TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
Microdot Connectors

Description of Changes
Manufacturing location change. TE Connectivity (TE) is validating a second source. This is an additional plating facility for added plating capacities only, no part change. This change notification applies to the Crimp Sleeve used in the following part numbers. This change will not affect form, fit or function in any way.

Reason for Changes:	
Dear Customer, we hereby inform you about the additional plating facility for added plating capacities as current supplier is having capacity and lead time issues. The additional location follows a strict procedure, which fully maintains quality, ability to supply and form-fit-function of the concerned products. The new manufacturing location is under a certified quality management system according to industry standard requirements. An internal evaluation and first article based on our specifications will be executed before any parts will be delivered.
