	Pre-Conversion	Post-Conversion
Product Name	CGUTIL 1.5.8	CGUTIL 1.5.9
Product Number P/N	N/A	N/A
Serial Number S/N	N/A	N/A
Lot Number	N/A	N/A
Hardware Revision	N/A	N/A
BIOS Revision	N/A	N/A
congatec Board Controller Revision	N/A	N/A

### 2.2 Means of Distinguishing Changed Products

		Remark
Product Number	<input type="checkbox"/>	
Hardware Revision	<input type="checkbox"/>	
Lot Code	<input type="checkbox"/>	
Label	<input type="checkbox"/>	
Other	<input checked="" type="checkbox"/>	The utility displays the version number when it is executed.

## 3 Description and Reason of Change

---

AVL	<input type="checkbox"/>	Product Improvement	<input checked="" type="checkbox"/>
Material	<input type="checkbox"/>	BIOS Release	<input type="checkbox"/>
Assembly Process	<input type="checkbox"/>	Firmware Release	<input type="checkbox"/>
Assembly BOM	<input type="checkbox"/>	Datasheet/Manual	<input type="checkbox"/>
Testing	<input type="checkbox"/>	DFM	<input type="checkbox"/>
Manufacturing Site	<input type="checkbox"/>	Software Release	<input checked="" type="checkbox"/>
Equipment	<input type="checkbox"/>		

1. Added MAC address recovery support for Elkhart Lake designs.
2. Fixed the MAC address recovery problem for conga-B7AC.

### Note

*The current version of the congatec System Utility (CGUTIL) can be downloaded from the congatec website. It is available for the EFI Shell, Linux and Windows.*

## 4 Impact of the change (positive or negative) on fit, form, function & reliability

### 4.1 Quality and Reliability

The changes listed in section 3 improve the product quality and reliability performance.

### 4.2 Software Compatibility

Fully software compatible with previous revision.

### 4.3 Hardware Compatibility

Fully hardware compatible with the previous revision.

#### Note

*The change described within this PCN does not affect the functionality of the modules. congatec is not obligated to perform an update on modules that have already been delivered or on modules that are pending delivery unless explicitly mentioned herein. If you have any questions about this matter, please contact your local congatec GmbH representative.*

## 5 Product/Revision Discontinuation

All previous product revisions are set to EOL status (End-Of-Life).

After the release of this PCN there will be a transition time of 6 months whereby a delivery may consist of products based on previous revisions as well as new revisions. After the completion of the transition time, only products based on the new revision will be delivered. This does not include products that fall under the RMA process.
