

Title of Change:	SUPPLY RESILIENCY: Qualification of onsemi Cebu, Philippines as an additional turnkey site for PQFN56W devices			
Effective date:	27 Jan 2026			
Contact information:	Contact your local onsemi Sales Office			
Type of notification:	This Product Bulletin is for notification purposes only. onsemi will proceed with implementation of this change upon publication of this Product Bulletin.			
Change Category:	Assembly Change			
Change Sub-Category(s):	Manufacturing Site Addition			
Sites Affected:				
onsemi Sites	External Foundry/Subcon Sites			
onsemi Cebu, Philippines	None			
Description and Purpose:				
<p>This Product Bulletin is issued to notify customers of the addition of a new manufacturing site as part of onsemi's Supply Resiliency initiatives.</p> <p>To strengthen supply chain resilience and enhance operational flexibility, onsemi is introducing the PQFN56 wired package with an alternative assembly and test location. The original part numbers will remain unchanged and active, while the new part numbers will retain the same specifications and performance, with updates limited only to site-specific attributes.</p> <p>Electrical performance and device characteristics remain unaffected, and both qualified sites will be used to support customer demand.</p> <p>This initiative enables dual sourcing for strategic packages that are currently sole-sourced, improving capability, increasing supply chain flexibility, and reducing overall risk.</p> <p>If you are interested in receiving material sourced from an alternative site, please contact your local sales representative.</p>
