Description and Purpose:

Due to onsemi Fab Liter strategy and the resulting sale of the Niigata factory, onsemi wishes to collect customer needs as early as possible. It has become necessary to enhance our understanding of our customers' lifetime needs and request that you pursue order placement for all affected products by January 31, 2024. This acceleration is to ensure that we have sufficient time to agree on and fulfill the requested volumes.

onsemi wishes to promptly inform our customer of our intent to exit this small portion of our overall portfolio so that you may plan appropriately and effectively for replacement devices.

onsemi has provided a list of replacement devices, where available, to aid in this process.

For those devices that have no recommended replacement identified, onsemi has partnered with Rochester Electronics and Flip Electronics who will carry any remaining device inventory to potentially allow for a continued source after onsemi has completed its business process.

PLEASE NOTE: onsemi may implement minimum order quantities or dollar amounts based on inventories available. Also, Devices on this Product Discontinuance become NCNR (Non-Cancelable, Non-Returnable).
