

Product Discontinuance

Document #:PD27044X

Issue Date:16 Dec 2025

Title of Change:	Product discontinuance of Logic Products affected by Tower Fab 1 supply disruption.
Last Time Buy Date:	17 Jun 2026
Last Ship Date:	17 Dec 2026
Contact information:	Contact your local onsemi Sales Office
Type of notification:	Customers must notify onsemi (< PCN.Support@onsemi.com >) in writing within 90 days of receipt of this notification if they consider the discontinued product to be "Sole Source." onsemi and the customer may negotiate an appropriate End-of-Life.

Description and Purpose:

As previously announced in **FPCN25572X**, Tower Semiconductor, Ltd (Tower) Fab 1 discontinued support for TS35/TS60/TS50 products in 2024.

While onsemi has been working diligently to determine alternate source options for the entirety of the portfolio affected by this disruption, products in this notice have declined to a level that warrants discontinuance. Alternative solutions are provided, where feasible, and many products have excess remaining inventory available to support final LTB orders. This process will be managed on a case-by-case basis. Due to the unusual and previously announced disruption presented by the supplier's discontinuance, these products are already in LTB status, and this status will not revert to active. In some cases, a product was planned for transfer with a replacement OPN, but this notice is to inform that no replacement OPN's will be pursued for these products.

PLEASE NOTE: onsemi may implement minimum order quantities or dollar amounts based on inventories available. Also, Devices on this Product Discontinuance become NCNR (Non-Cancelable, Non-Returnable).

For questions or concerns regarding this notification, please contact your local sales office or customer service representative.
