Description and Purpose:

onsemi is publishing this Product Discontinuance Notification to notify customers of the discontinuance of 2SC5488A-TL-H and 55GN01FA-TL-H products. The wafer fabrication and lead frame supplier have ceased operations. As a result, we are no longer able to support additional production for these devices. Current inventory is extremely limited.

We strongly encourage customers to reach out to their local sales representative as soon as possible to discuss material availability and secure remaining stock.

While we understand the importance of long-term product availability, the circumstances leave us no alternative but to offer a Last Time Buy (LTB) opportunity for these products.

PLEASE NOTE: onsemi may implement minimum order quantities or dollar amounts based on inventories available. Also, Devices on this Product Discontinuance become NCNR (Non-Cancelable, Non-Returnable).

For questions or concerns regarding this notification, please contact your local sales office or customer service representative.
