EPCOS Gas Discharge Tubes and Varistors

**2-POLE GAS DISCHARGE TUBES**

**Features:**
- Standard size
- High current rating
- Very low capacitance
- Fast response time
- RFI/EMI suppression
- RoHS-compatible

**Applications:**
- Modem
- DSL-splitter
- Data lines
- Tuner
- Antenna

**Specifications:**
- **MOUSER STOCK NO.**
- **Epcos Part No.**
- **Fig.**
- **DC Sparkover Voltage**
- **Impulse Sparkover Voltage (1000volts/µs)**
- **Impulse Sparkover Voltage (10000volts/µs)**
- **Arc Voltage @ 1 Amp**
- **Single Impulse Discharge Current (KA/80µs)**
- **Dimensions (LxDxW mm)**
- **Price Each**

**3-POLE GAS DISCHARGE TUBES**

**Features:**
- Standard size
- Fast response time
- Very high current rating
- Stable performance over life

**Applications:**
- Line protection
- Station protection

**Specifications:**
- **MOUSER STOCK NO.**
- **Epcos Part No.**
- **Fig.**
- **DC Sparkover Voltage**
- **Impulse Sparkover Voltage (1000volts/µs)**
- **Impulse Sparkover Voltage (10000volts/µs)**
- **Arc Voltage @ 1 Amp**
- **Single Impulse Discharge Current (KA/80µs)**
- **Dimensions (LxDxW mm)**
- **Price Each**

**ADVANCED THERMOFUSE VARISTORS**

**Features:**
- Overvoltage protection with integrated thermal fuse
- Suitable for use in industrial and household appliance applications

**Specifications:**
- **MOUSER STOCK NO.**
- **Epcos Part No.**
- **Fig.**
- **AC Operating Voltage (Max VAC)**
- **DC Operating Voltage (Max VDC)**
- **Surge Current 8/20µs (A)**
- **Energy Absorption (W)**
- **Average Power Dissipation (W)**
- **Price Each**
