RoHS Compliance

Dear Sir or Madam,

Restriction of the use of certain Hazardous Substances (**2002/95/EC** RoHS 1 and **2011/65/EU** RoHS 2) is a EU Directive targeted at reducing hazardous materials used in the production of electronic devices. This directive bans placement on the European market of electrical and electronic equipment containing lead (Pb), mercury (Hg), cadmium (Cd) hexavalent chromium (Cr(VI)), polybrominated biphenyls (PBB) and polybrominated diphenylethers (PBDE) above a specified limit. This ban is effective as of July 1, 2006.

The EU commission has published a new Directive (**EU**) **2015/863** (RoHS 3) to amend Annex II to Directive 2011/65/EU (RoHS 2) to add the following 4 phthalates onto the list of restricted substances: Bis(2-Ethylhexyl) phthalate (DEHP), Benzyl butyl phthalate (BBP), Dibutyl phthalate (DBP), Diisobutyl phthalate (DIBP).

Basler commits to fulfilling the RoHS rules and regulations according to Directive 2002/95/EC, Directive 2011/65/EU and Directive 2015/863/EU (RoHS 3) for all our cameras.

Best regards

Soniya Nicole Gill, Order Coordination
