

KIT-1463x Day of the Geek Soldering Kits

Product Overview

04-28-2022

For the most up-to-date information, visit www.mouser.com or the supplier's website.

Description

SparkFun KIT-1463x Day of the Geek Soldering Kits assembles a light-up skull badge and helps in learning the basics of soldering. These kits include a CR2032 battery holder, skull PCB, three pairs of colored LEDs offering red, white, and blue options, and a pin back. These soldering kits take about 5 to 10 minutes to assemble with basic soldering materials.

Kit Contents

- Skull PCB:
 - White in color for KIT-14636
 - Black in color for KIT-14637
- Two blue LEDs
- Two red LEDs
- Two white LEDs
- CR2032 Battery holder
- Pinback
