

Jetson Intermediate Kit with Power Supply

KIT-19409

Product Overview

10/10/2022

For the most up-to-date information, visit www.mouser.com or the supplier's website.

Description

SparkFun Jetson Intermediate Kit with Power Supply provides all the necessary parts to start new projects with Jetson Nano™. This Jetson Intermediate Kit features a 32GB microSD card with an adapter to use as a boot device and for main storage. The intermediate kit comes with a 5V, 4A power supply for established and stationary applications, which makes the kit more economical. This kit comes with a 1m HDMI cable, a two-in-one WiFi® and Bluetooth® adapter, a wireless keyboard with trackpad, and an imaging camera with a 136° Field Of View (FOV).

Kit Contents

- 32GB microSD card
