

M22520/2-01

Miniature Adjustable Crimp Tool

Daniels Manufacturing Corporation

Crimpers / Crimping Tools CRIMP TOOL - ADJUSTABLE

Product Description

Qualified to MIL-DTL-22520/2* and AS22520/2*, the DMC® AFM8® is designed for most of the miniature and sub-miniature connector types that are so widely used in electronic systems. The AFM8 meets the need for a miniature tool accommodating wire sizes 20 through 32 AWG.

The AFM8 gives a Mil-Standard 8 impression crimp, which assures maximum tensile strength. The cycle controlled precision ratchet assures consistently accurate crimps every time. The tool frame has a built-in 8 step selector knob for ease in dialing the correct crimp depth setting for the wire being used.

Tech Specifications

Manufacturer	Daniels Manufacturing
Packaging	Each
Product Type	Crimpers
Wire Crimp Range	20 to 32 AWG
Crimp Type	Mil-Standard 8 impression crimp
Length	6-3/4 inches
Weight	10 oz

Export and Environmental Classification

ECCN	EAR99
HTS	8538908140
TARIC	8203200000
RoHS Compliant	Call to Verify
RoHS Exemption Number	N/A
Lead(PB) in Terminals	No
REACH SVHC	No
REACH Substance Name	N/A
