

Technical drawing of a square flange with rounded corners and a central hole. The drawing includes dimensions: overall width 16.2, hole diameter 8.1, corner radius 2X R 0.5, and a central hole diameter of 7.8. It also shows a fillet radius R 3.7, a maximum fillet radius R 2 MAX, and a distance of 2.3 from the bottom edge to the center of the hole. Section lines A-A and B-B are indicated. A vertical dashed line represents the axis of symmetry. A note "SEE DETAIL 'K'" points to a detail of the corner fillet.

Technical drawing of a mold assembly showing dimensions and callouts:

- Top width: 22 ± 0.8
- Inner width: 8.4 MIN
- Callout: SEE DETAIL "Y"
- Dimension 7
- Dimension 17
- Dimension 19.8
- Dimension 23.2 MIN
- Bottom width: 28 ± 0.5
- Callout: NO GATES PROTRUS | SURFACE DISTANCE

Technical drawings of the 12110538 connector. The top drawing is a front view showing dimensions: height (1) 30.6, width (2) 28.4, and a note (3) 4.1 NEWTONS MINIMUM RETENTION. The bottom left drawing is a top-down view of the connector's internal structure. The bottom right drawing is a side view showing dimensions: height (4) 41.5, a note (3) 2 MAX GAP ALLOWABLE, and labels for 'CONN BODY - 12110538' and 'CONN BODY SEAL - 1540946'.
