Hand Held Magnifier

5x-20x w/ LED Light

Hand-held LED magnifier with 5x/20x lenses. A high-intensity 10 LED ring light surrounds the main lens for even light distribution. A single LED illuminates objects beneath the 20x lens. The large 75mm main lens provides a large viewing area.

Ideal for professional inspection, hobby work, education, reading, gardening applications, DIY applications, and more.

Features:

- Illuminated handheld magnifier with 11 total LEDs
- Ergonomic designed straight handle.
- LEDs provides strong light for clear viewing.
- Magnification: 5X / 20X.
- Powered by 3 AAA batteries (not included).
- Features an ON/OFF switch button.
