<b>E</b>	Slo-Flo Brush	MCC-RBNB2	5 Brushes/Box
<b>F</b>	Spray-Thru Syringe, .035 O.D.	MCC-SR35	5 Brushes/Box

## Product Information

The *TriggerGrip* Cleaning System quickly cleans rosin fluxes, synthetic fluxes, most no-clean fluxes/pastes as well as oil and grime from electronic assemblies, circuit boards and electronic components. Use the *TriggerGrip* for spot-cleaning during rework and repair, or as part of the manufacturing process.

Utilizing replacement spray-thru-brushes and accessories, the *TriggerGrip* combines the appropriate high purity *MicroCare* cleaning fluid with the mechanical scrubbing of a brush to deliver the four steps of cleaning - Wet, Scrub, Rinse and Dry in one easy process. The *TriggerGrip* speeds cleaning and reduces cleaning fluid use by 66%. ESD-safe, use with confidence on electrical components, PC boards, displays, switches, cables and connectors.

Lightweight, safe and long lasting, the *TriggerGrip* is the professional's choice for the most demanding cleaning applications. Contact your *MicroCare* distributor to learn how to start saving time and money today.

AVAILABILITY: Stocked by *MicroCare* distributors world-wide.  
Contact *MicroCare* for a distributor near you. For more information contact *MicroCare* directly or visit [www.MicroCare.com](http://www.MicroCare.com).

A selection of replacement spray-thru-brushes are available for perfectly clean electronics.
