

Premium Synthetic Wax 5-Gallon

From Klein Tools, Premium Synthetic Wire Pulling Lubricant is a high-performance waxed-based lubricant designed for general electrical and utility applications and is compatible with all types of cable, including low-density polyethylene (LDPE). This product goes beyond traditional lubricants with a synthetic formulation that significantly advances the properties of the compound, drastically reducing friction for easier pulling. Dries to a thin film and won't clog conduit for future pulls.

Specifications

Type:	Premium Synthetic Wax	Application:	Lubricant for General Electrical and Utility Application
Special Features:	Easy to Apply Gel Clings Instantly	Size:	5 Gallon (18.9 L)
Container:	Bucket	Working Temperature:	20° F to 122° F (-6° C to 50° C)
Weight:	44 lb (20 kg)
