Coax Cable Installation & Test Kit

This Coax Installation and Cable Testing Kit contains everything you need to prepare, connect and test coaxial cables: The VDV110-061 cable stripper prepares multiple types of cable in common voice/data/video applications and features an exclusive sliding depth gauge and variable stripping capability. The VDV212-008SEN compact compression crimper is an advanced DIY tool for fast, reliable F-connector installation that provides fast insertion and removal of cable and connector. The VDV512-100 Coax Explorer 2 verifies proper continuity of F-connector coaxial cables and maps their location, and the 6 included Universal F Compression Connectors provide excellent holding power and signal strength you require.
