Symbol definition		Missing symbols
 A dimension without an inspection report symbol does not require inspection. It may be controlled on the individual component drawing.	Total No. of inspections required	5
	Last No. used	5

—Material recycling code optional

Isometric view

Reference notes:

1. Unless otherwise specified and/or indicated:
Dimensions are to face of view shown and automatically rounded by computer for inspection.
For all other dimensions not shown, see math model.
2. Mating components or equivalent:
mates to any connector with self locking clip slot and GT unsealed catalog designs.
3. This product is not categorized as an appearance item, minor imperfections including, but not limited to, flow marks, clip blemishes, gate vestige, and soft flash that do not affect the fit, form, or function of the part are permissible per DPNP-4.7-CS-01.
4. Material recycling code per ISO 11469. (1.5) X (0.1) characters as shown to be located on any exterior surface.
Optional construction for existing tooling may be "PED".
5. Material: see chart.
