The image contains two technical drawings of a mechanical component. Drawing (a) is a cross-sectional view, showing a symmetrical part with a central vertical axis. It features a wide top flange, a central vertical shaft, and a complex internal structure with multiple steps and a central cavity. Drawing (b) is a perspective view of the same part, showing its three-dimensional form. It has a rectangular base, a central vertical column, and two large, rounded, flared sections on either side. The part appears to be a specialized bracket or a component of a larger machine.
