

# HY2.0-4P SMD

SKU:A118

ACCESSORIES  
HY2.0-4P SMD

x20 Pcs

## Description

**HY2.0-4P SMD** is a 2.0mm-4P connector terminal with positioning posts. Users can apply it to their PCB designs, making it convenient to connect to the M5Stack UNIT sensor system and expand more functionalities.

### Compatibility:

The product differs in terminal shape specifications from those used by M5Stack products and is intended for user DIY use only.

## Features

- HY2.0-4P
- With positioning posts
- Suitable for PCB surface mounting

## Includes

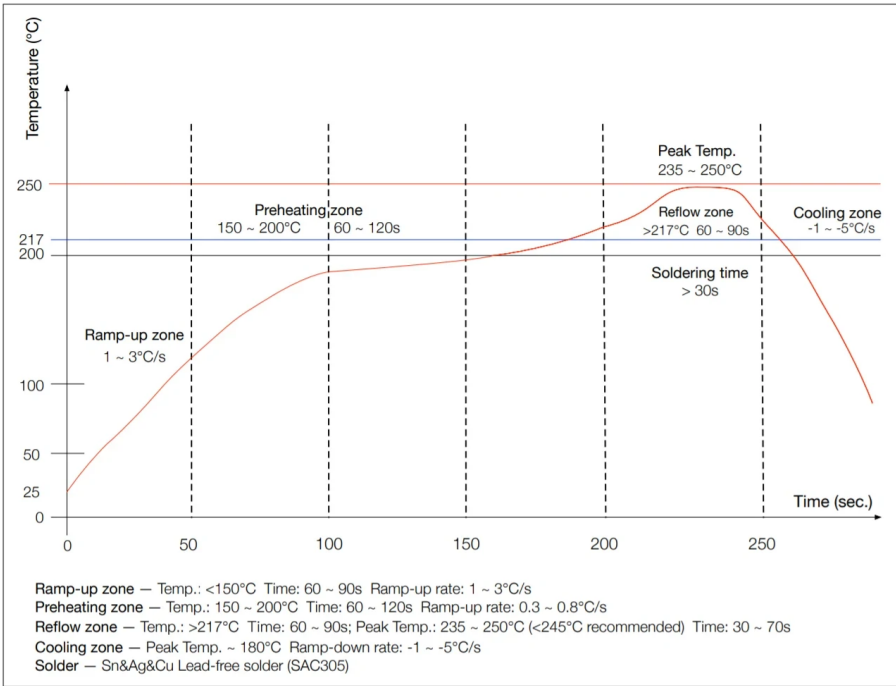

- 20 x HY2.0-4P SMD

## Specifications

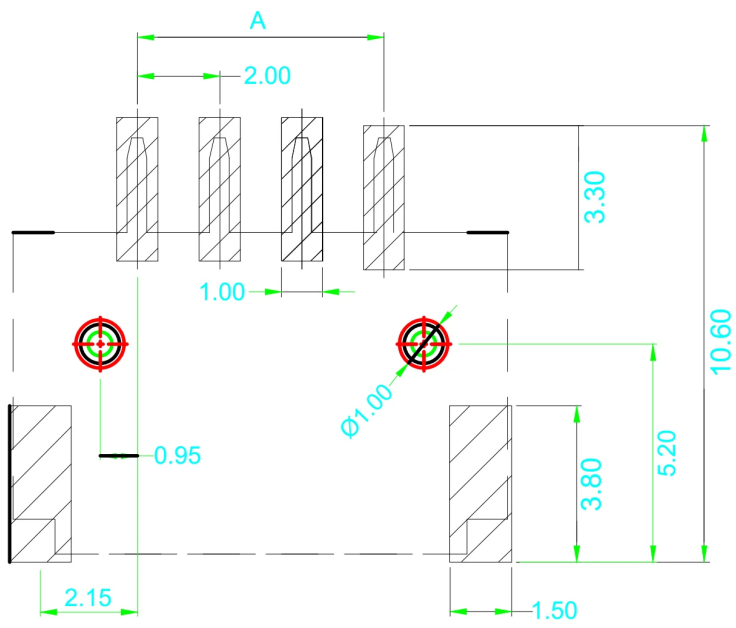

Specification	Parameter
Pitch	2.0mm
Number of Pins	4P
Form Factor	R-90° (with pins)
Operating Temperature	-25 ~ 105°C
Insulation Resistance	≥1000MΩ
Net Weight per Unit	0.4g
Gross Weight of Package	11.0g
Product Dimensions	56 x 24 x 9.6 mm
Package Dimensions	136 x 92 x 11mm
