

Oscar 18

2G/GPRS, 3G & WiFi Yagi Antenna

Key Features

- Yagi (directional) antenna
- 10dBi gain
- Pole/wall mounted

General Description

The Oscar 18 is a plastic enclosed Yagi-directional wall / bracket mount antenna, operating on quad band GSM/GPRS, 3G/UMTS and WiFi frequencies.

Its Yagi design provides superior performance for cellular applications in rural areas where signal reception is particularly low. The radiating element from this Yagi antenna performs in a directional manner, producing a peak gain of 10dBi to maximise signal transmission and reception.

It is supplied with a bracket for wall or pole mounting.

Additional Considerations

- Designed for indoor and outdoor environments
- Equipped with N-type female connector (inherently waterproof)
- 800 - 2500MHz frequency range

Oscar 18

2G/GPRS, 3G & WiFi Yagi Antenna

Electrical Specifications

Impedance:	50 Ohm
Peak Gain:	10dBi
VSWR:	<1.5
Frequency Range:	800 - 2500MHz
Maximum Power:	50W
Polarization:	Vertical

Mechanical Specifications

Dimensions:	L294 x H210 x W65mm
Connector:	N Type Female
Radome Material:	PVC

Radiation Patterns Vertical

Horizontal
