

.468 (11.89) Offset Card Guides

Wire Wrap .046x.014(1.17x0.36) - Tail LG=.495(12.57)
.156 [3.96] Contact Spacing x .200 [5.08] Row Spacing

ORIGINAL ①

Technical drawing of a vertical rod. The rod is shown in a side view with a central vertical line. At the bottom, there is a cross-section view showing a T-shaped profile with a central hole and a flange. The cross-section is hatched with diagonal lines.

A diagram of a vertical beam fixed at the bottom. A horizontal force is applied at the top, pointing to the right. The beam is divided into two sections by a vertical cut. The left section is labeled with a normal force N (tension) and a shear force V (upward). The right section is labeled with a normal force N (compression) and a shear force V (downward). A moment M is shown at the cut, with the top fiber in tension and the bottom fiber in compression.
