## Data sheet

## 3RV2011-0FA10

Circuit breaker size S00 for motor protection, CLASS 10 A-release 0.35...0.5 A N-release 6.5 A screw terminal Standard switching capacity

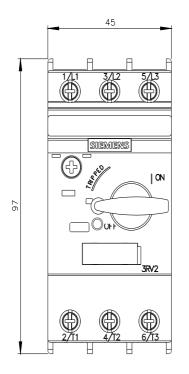

| 2/11 2/12 5/13  |                      |
|---|----------------------|
| product brand name  | SIRIUS               |
| product designation   | Circuit breaker      |
| design of the product   | For motor protection |
| product type designation  | 3RV2                 |
| General technical data  |                      |
| size of the circuit-breaker   | S00                  |
| size of contactor can be combined company-specific                                      | S00, S0              |
| product extension auxiliary switch  | Yes                  |
| power loss [W] for rated value of the current   |                      |
| <ul> <li>at AC in hot operating state</li> </ul>  | 5.5 W                |
| <ul> <li>at AC in hot operating state per pole</li> </ul>                               | 1.8 W                |
| insulation voltage with degree of pollution 3 at AC rated value                         | 690 V                |
| surge voltage resistance rated value  | 6 kV                 |
| shock resistance according to IEC 60068-2-27  | 25g / 11 ms          |
| mechanical service life (operating cycles)  |                      |
| <ul> <li>of the main contacts typical</li> </ul>  | 100 000              |
| <ul> <li>of auxiliary contacts typical</li> </ul>                                       | 100 000              |
| electrical endurance (operating cycles) typical   | 100 000              |
| type of protection according to ATEX directive 2014/34/EU                               | Ex II (2) GD         |
| certificate of suitability according to ATEX directive 2014/34/EU                       | DMT 02 ATEX F 001    |
| reference code according to IEC 81346-2   | Q                    |
| Substance Prohibitance (Date)   | 10/01/2009           |
| Ambient conditions  |                      |
| installation altitude at height above sea level maximum                                 | 2 000 m              |
| ambient temperature   |                      |
| <ul> <li>during operation</li> </ul>  | -20 +60 °C           |
| <ul> <li>during storage</li> </ul>  | -50 +80 °C           |
| during transport  | -50 +80 °C           |
| relative humidity during operation  | 10 95 %              |
| Main circuit  |                      |
| number of poles for main current circuit  | 3                    |
| adjustable current response value current of the current-<br>dependent overload release | 0.35 0.5 A           |
| operating voltage   |                      |
| rated value   | 20 690 V             |
| <ul> <li>at AC-3 rated value maximum</li> </ul>   | 690 V                |
| <ul> <li>at AC-3e rated value maximum</li> </ul>  | 690 V                |
| operating frequency rated value   | 50 60 Hz             |
| operational current rated value   | 0.5 A                |
| operational current   |                      |

| at AC-3 at 400 V rated value   | 0.5 A  |
|--|--|
| at AC-3e at 400 V rated value  | 0.5 A  |
| operating power  |  |
| • at AC-3  |  |
| — at 230 V rated value   | 0.1 kW   |
| — at 400 V rated value   | 0.12 kW  |
| — at 500 V rated value   | 0.1 kW   |
| — at 690 V rated value   | 0.2 kW   |
