## 3SU1062-2DF10-0AA0

Illuminable selector switch, 30 mm, round, Metal matte, black, Selector switch short, front ring for flush installation, latching, actuating angle 90°, 10:30h/13:30h

product brand name	SIRIUS ACT
product designation	Selector switches
design of the product	Actuating/signaling element
product type designation	3SU1
product line	Metal, matt, flat, 30 mm
Enclosure	
number of command points	1
Actuator	
design of the actuating element	Selector, short
principle of operation of the actuating element	latching, 90° (10:30 h/13:30 h)
product extension optional	
light source	Yes
contact module	Yes
color of the actuating element	black
material of the actuating element	plastic
shape of the actuating element	Handle
outer diameter of the actuating element	38 mm
number of switching positions	2
actuating angle	
clockwise	90°
	30
Front ring	50
	Yes
Front ring	
Front ring product component front ring	Yes
Front ring product component front ring design of the front ring	Yes Flat
Front ring product component front ring design of the front ring material of the front ring	Yes Flat Metal, matt
Front ring product component front ring design of the front ring material of the front ring color of the front ring	Yes Flat Metal, matt
Front ring product component front ring design of the front ring material of the front ring color of the front ring General technical data	Yes Flat Metal, matt sand gray
Front ring         product component front ring         design of the front ring         material of the front ring         color of the front ring         General technical data         protection class IP	Yes Flat Metal, matt sand gray IP66, IP67, IP69(IP69K)
Front ring         product component front ring         design of the front ring         material of the front ring         color of the front ring         General technical data         protection class IP         degree of protection NEMA rating	Yes Flat Metal, matt sand gray IP66, IP67, IP69(IP69K)
Front ring         product component front ring         design of the front ring         material of the front ring         color of the front ring         General technical data         protection class IP         degree of protection NEMA rating         shock resistance	Yes Flat Metal, matt sand gray IP66, IP67, IP69(IP69K) 1, 2, 3, 3R, 4, 4X, 12, 13
Front ring         product component front ring         design of the front ring         material of the front ring         color of the front ring         General technical data         protection class IP         degree of protection NEMA rating         shock resistance         • according to IEC 60068-2-27	Yes Flat Metal, matt sand gray IP66, IP67, IP69(IP69K) 1, 2, 3, 3R, 4, 4X, 12, 13 sinusoidal half-wave 15g / 11 ms
Front ring         product component front ring         design of the front ring         material of the front ring         color of the front ring         General technical data         protection class IP         degree of protection NEMA rating         shock resistance         • according to IEC 60068-2-27         • for railway applications according to EN 61373	Yes Flat Metal, matt sand gray IP66, IP67, IP69(IP69K) 1, 2, 3, 3R, 4, 4X, 12, 13 sinusoidal half-wave 15g / 11 ms
Front ring         product component front ring         design of the front ring         material of the front ring         color of the front ring         General technical data         protection class IP         degree of protection NEMA rating         shock resistance         • according to IEC 60068-2-27         • for railway applications according to EN 61373         vibration resistance	Yes Flat Metal, matt sand gray IP66, IP67, IP69(IP69K) 1, 2, 3, 3R, 4, 4X, 12, 13 sinusoidal half-wave 15g / 11 ms Category 1, Class B
Front ring         product component front ring         design of the front ring         material of the front ring         color of the front ring         General technical data         protection class IP         degree of protection NEMA rating         shock resistance         • according to IEC 60068-2-27         • for railway applications according to EN 61373         vibration resistance         • according to IEC 60068-2-6	Yes Flat Metal, matt sand gray IP66, IP67, IP69(IP69K) 1, 2, 3, 3R, 4, 4X, 12, 13 sinusoidal half-wave 15g / 11 ms Category 1, Class B 10 500 Hz: 5g
Front ring         product component front ring         design of the front ring         material of the front ring         color of the front ring         General technical data         protection class IP         degree of protection NEMA rating         shock resistance         • according to IEC 60068-2-27         • for railway applications according to EN 61373         vibration resistance         • according to IEC 60068-2-6         • for railway applications according to EN 61373	Yes Flat Metal, matt sand gray IP66, IP67, IP69(IP69K) 1, 2, 3, 3R, 4, 4X, 12, 13 sinusoidal half-wave 15g / 11 ms Category 1, Class B 10 500 Hz: 5g Category 1, Class B
Front ring         product component front ring         design of the front ring         material of the front ring         color of the front ring         General technical data         protection class IP         degree of protection NEMA rating         shock resistance         • according to IEC 60068-2-27         • for railway applications according to EN 61373         vibration resistance         • according to IEC 60068-2-6         • for railway applications according to EN 61373         operating frequency maximum	Yes Flat Metal, matt sand gray IP66, IP67, IP69(IP69K) 1, 2, 3, 3R, 4, 4X, 12, 13 sinusoidal half-wave 15g / 11 ms Category 1, Class B 10 500 Hz: 5g Category 1, Class B 1 800 1/h
Front ring         product component front ring         design of the front ring         material of the front ring         color of the front ring         General technical data         protection class IP         degree of protection NEMA rating         shock resistance         • according to IEC 60068-2-27         • for railway applications according to EN 61373         vibration resistance         • according to IEC 60068-2-6         • for railway applications according to EN 61373         operating frequency maximum         mechanical service life (operating cycles) typical	Yes Flat Metal, matt sand gray IP66, IP67, IP69(IP69K) 1, 2, 3, 3R, 4, 4X, 12, 13 sinusoidal half-wave 15g / 11 ms Category 1, Class B 10 500 Hz: 5g Category 1, Class B 1 800 1/h 300 000
Front ring         product component front ring         design of the front ring         material of the front ring         color of the front ring         General technical data         protection class IP         degree of protection NEMA rating         shock resistance         • according to IEC 60068-2-27         • for railway applications according to EN 61373         vibration resistance         • according to IEC 60068-2-6         • for railway applications according to EN 61373         operating frequency maximum         mechanical service life (operating cycles) typical         reference code according to IEC 81346-2	Yes Flat Metal, matt sand gray IP66, IP67, IP69(IP69K) 1, 2, 3, 3R, 4, 4X, 12, 13 sinusoidal half-wave 15g / 11 ms Category 1, Class B 10 500 Hz: 5g Category 1, Class B 1 800 1/h 300 000 S
