3VA2063-8HL42-0AA0

Data sheet

circuit breaker 3VA2 IEC frame 100 breaking capacity class L Icu=150kA @ 415V 4-pole, line protection ETU320, LI, In=63A overload protection Ir=25A...63A short-circuit protection Ii=1.5...12 x In N conductor protection adjustable (OFF, 100%) nut keeper kit

Model	
product brand name	SENTRON
product designation	Molded case circuit breaker
design of the product	Line protection
design of the overcurrent release	ETU320
protection function of the overcurrent release	LI
number of poles	4
General technical data	
insulation voltage / rated value	800 V
operating voltage / at AC / rated value	690 V
power loss [W] / maximum	3 W
power loss [W] / for rated value of the current / at AC / in hot operating state / per pole	1 W
mechanical service life (operating cycles) / typical	25 000
electrical endurance (operating cycles) / at AC-1 / at 380/415 V	15 000
electrical endurance (operating cycles) / at AC-1 / at 690 V	10 500
product feature / for neutral conductors / upgradable/retrofittable / short-circuit and overload proof	No
ground-fault monitoring version	Without
product function	
 communication function 	No
 other measurement function 	No
Net Weight	3.2 kg
Current	
operational current	
• at 40 °C	63 A
• at 45 °C	63 A
● at 50 °C	63 A
● at 55 °C	63 A
• at 60 °C	63 A
• at 65 °C	63 A
• at 70 °C	63 A
Switching capacity according to IEC 60947	
switching capacity class of the circuit breaker	L
maximum short-circuit current breaking capacity (Icu)	
• at 240 V	200 kA
• at 415 V	150 kA
• at 440 V	150 kA
• at 500 V	100 kA
• at 690 V	25 kA
operating short-circuit current breaking capacity (Ics)

adjustable response value setting current (li) / for I-tripping • minimum • maximum 756 A adjustable setting current (InN) / for N-tripping • minimum • maximum 63 A design of the N-conductor protection product function / grounding protection Mechanical Design product component • undervoltage release • voltage trigger No
 minimum maximum maximum adjustable setting current (InN) / for N-tripping minimum maximum maximum adjustable OFF; 100% product function / grounding protection No Mechanical Design product component undervoltage release voltage trigger No
 maximum adjustable setting current (InN) / for N-tripping minimum 63 A maximum 63 A design of the N-conductor protection product function / grounding protection No Mechanical Design product component undervoltage release voltage trigger No
adjustable setting current (InN) / for N-tripping • minimum • maximum 63 A design of the N-conductor protection product function / grounding protection No Mechanical Design product component • undervoltage release • voltage trigger No
 minimum maximum 63 A design of the N-conductor protection adjustable OFF; 100% product function / grounding protection No Mechanical Design product component undervoltage release voltage trigger No
 maximum design of the N-conductor protection product function / grounding protection No Mechanical Design product component undervoltage release voltage trigger No
design of the N-conductor protection product function / grounding protection No Mechanical Design product component • undervoltage release • voltage trigger No
product function / grounding protection No Mechanical Design product component • undervoltage release No • voltage trigger No
Mechanical Design product component • undervoltage release • voltage trigger No
product component • undervoltage release • voltage trigger No
 undervoltage release voltage trigger No
• voltage trigger No
• trip indicator No
height [in] 7.13 in
height 181 mm
width [in] 5.51 in
width 140 mm
depth [in] 3.39 in
depth 86 mm
Connections
arrangement of electrical connectors / for main current circuit Front terminal
type of electrical connection / for main current circuit on both sides nut keeper kit
type of connectable conductor cross-sections / for flat-bar terminal connection / minimum 13 x 1 mm
type of connectable conductor cross-sections / for flat-bar terminal connection / maximum 25 x 8 mm
design of the surface / of the connections / on the top of the switch (N, 1, 3, 5)
design of the surface / of the connections / on the bottom of the switch (N, 2, 4, 6)
Auxiliary circuit
number of CO contacts / for auxiliary contacts 0
Accessories Vertical
product extension / optional / motor drive Yes
Environmental conditions
protection class IP / on the front IP40
ambient temperature
a during energtion / minimum
• during operation / minimum -25 °C
• during operation / maximum 70 °C

Further information

Siemens has decided to exit the Russian market (see here).

https://press.siemens.com/global/en/pressrelease/siemens-wind-down-russian-business

Siemens is working on the renewal of the current EAC certificates.

Please contact your local Siemens office on the status of validity of the EAC certification if you intend to import or offer to supply these products to an EAC relevant market (other than the sanctioned EAEU member states Russia or Belarus).
