

Siemens Low Voltage Circuit Protection Heavy Duty Safety Switches. CSA 200A  
3P 600V 3W FUSED DT TYPE 1

| General technical data                             |                                     |
|--|-------------------------------------|
| mechanical service life (operating cycles) typical | 8000                                |
| fastening method                                   | SURFACE                             |
| number of poles                                    | 3                                   |
| suitability for operation                          | LOAD TRANSFER BETWEEN POWER SOURCES |
| Electricity  |                                     |
| ampacity   | 200 A                               |
| supply voltage frequency rated value 50/60 Hz      | Yes                                 |
| Environmental conditions                           |                                     |
| ambient temperature during operation maximum       | 85 °C                               |
| ambient temperature during operation minimum       | -29 °C                              |
| Model  |                                     |
| product brand name                                 | SIEMENS                             |
| product sub brand name                             | VBII                                |
| product type designation                           | DOUBLE THROW SWITCH                 |
| type of electrical connection                      | MECHANICAL LUGS                     |
| Mechanical Design                                  |                                     |
| design of the housing                              | TYPE 1                              |
| design of the actuating element                    | DOUBLE THROW                        |
| material   | STEEL                               |
| General product approval                           |                                     |
| certificate of suitability                         | UL98 / CSA                          |
