

## DOCU-BOX<sup>™</sup>

**Flambeau** INC. is pleased to introduce two great new products designed especially for holding and protecting Operator Manuals; Instruction Pamphlets; and Special Documents of many varieties and types.

The brand new, “**DOCU-BOX**,” family of Storage Products incorporates two (2) New Products...the “BI-FOLD,” **DOCU-BOX**, and the, “TRI-FOLD,” **DOCU-BOX**... each box spans nearly every application imaginable for document storage and document protection regardless of environmental conditions or place of storage.

The **DOCU-BOX** product family offers several commendable features including:

- Fast and Easy access to the interior box storage area
- Large enough size to accommodate multi-lingual manuals and European size paper 8.3" x 11.7" (21.08 x 29.72 cm). Docu-Box is 1.75" (4.45 cm) taller; 0.875" (2.22 cm) wider; and 0.625" (1.59 cm) deeper than available brand.
- Adequate depth to hold most electronic tablets or iPads—can be customized with foam interiors if desirable (minimums may apply)
- Built-in lock holes to accept wire-tie or small padlock security
- Mount holes on back for vehicle or wall mounting—drop in replacement for available brand.
- Inside Lid gasket seal protects against dust and moisture contamination
- Large smooth outside surface area to write on
- BI-FOLD version (P/N 819768AE) incorporates one heavy-duty polycarbonate over-center latch---securely seals lid to base
- Easily customize each box with your company name or logo (minimums may apply)
- High Density Polyethylene (HDPE) resin construction protects against extreme ambient temperature ranges and environmental conditions
- HDPE resin offers light-weight; rugged, rust resistant, and ultra-violet safe properties
- Double wall blow mold construction provides “two walls” of protection against impact and incidental collision---safely keeps contents intact.
