Product overview: Fluke C75 Accessory Case

Having the right accessories on-hand is important to make measurements quickly and safely. The C75 Accessory Case is a zippered carrying case designed to keep all the small accessories together in one easy-to-find place. No more digging around your tool bag to find a set of alligator clips or that one test lead cap that fell off. The interior of the bag has two pockets inside so the right accessory will always be at hand.
