

LCCA30676-FT10

Configuration

- Connector 1: N Male
- Connector 2: BNC Male Right Angle
- · Cable Type: RG58

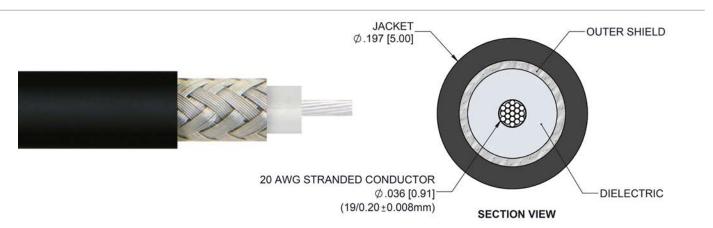

Features

- 50 Ohm RF (Radio Frequency) Transmission
- RG58 stranded center conductor enhances flexibility
- · Same day shipping available

Applications

- · RFID systems up to 1 GHz
- General Purpose Test and Measurements

- · Right angle body style accommodates tight fit applications
- · Heat shrink strain relief for a highly durable RF cable assembly
- Wireless Infrastructure
- · GPS Timing and telematics

Description

1

L-com's LCCA30676-FT10 is a N male to BNC male right angle cable assembly using RG58 coax, 10 FT and ships same-day. The RG58 coax of this N cable uses the PTFE dielectric with a VoP of 69.5%. These flexible RF cable assemblies are ideal for applications where flexure is required. Our L-com N to BNC cable assembly has a male to male gender configuration with flexible RG58 series coax and operates to 1 GHz. The shielding of this N cable is comprised of tinned copper braid. This right angle BNC cable interface on the RG58 coax allows for easier connections in tight spaces.

Custom versions of this N male to N male cable, along with the rest of L-com's other RF assemblies, can also be built and shipped same day. Other available RF cable assembly value added services from L-com include connector orientation or clocking, heat shrink booting and custom labeling. RF testing can also be performed to document the electrical performance of your cable assembly. Contact a sales representative for testing or custom RF cable quotes. Part number LCCA30676-FT10 L-com N Male to BNC Male Right Angle Cable Assembly using RG58 Coax, 10 FT data sheet PDF includes details of the RF product specifications, CAD drawing(s) and dimensions below.

Electrical Specifications

Description	Minimum	Typical	Maximum	Units	
Frequency Range	DC		1,000	MHz

VSWR		1.4:1
Velocity of Propagation	69.5	%
Capacitance	16.1 [52.82]	pF/ft [pF/m]

Description	F1	F2	F3	F4	F5	Units
Frequency	50	100	200	400	1,000	MHz
Insertion Loss (Typ.)	0.63	0.8	1.03	1.45	2.45	dB

Electrical Specification Notes:

The Insertion Loss data above is based on the performance specifications of the coax cable and connectors used in this assembly. The Insertion Loss includes an estimated insertion loss of 0.1 per straight connector and 0.2 dB right angle connector.

N Male to BNC Male Right Angle Cable Assembly using RG58 Coax, 10 FT from L-com has same day shipment for domestic and International orders. L-com is a leading manufacturer of wired and wireless connectivity products and committed to in-stock availability and same day shipping. Our portfolio includes coaxial cable assemblies, connectors, adapters and custom products as well as lightning and surge protectors, NEMA rated enclosures, and an RF product line which includes antennas, amplifiers, passive, and active components.
