

[illegible]

Diese Steckverbinder dürfen betriebsmäßig nicht unter Spannung betätigt werden. Metallene Gehäuseteile sind sicher mit dem Schutzleitersystem zu verbinden.  
Do not connect or disconnect under load. Metal housing parts shall be securely incorporated to protected ground.

\* Hinweis für vergoldete Anschlüsse:  
Zur Vermeidung von spröden intermetallischen Verbindungen müssen vergoldete Anschlüsse vor dem eigentlichen Lötvorgang verzinkt werden.

Remark for gold plated contacts:  
In order to avoid brittle inter-metallic connections, gold-plated terminals have to be tin-plated in the solder area.
