

TLF50211EL

Buck Converter Core:
Reference-Design Board

16.07.2014

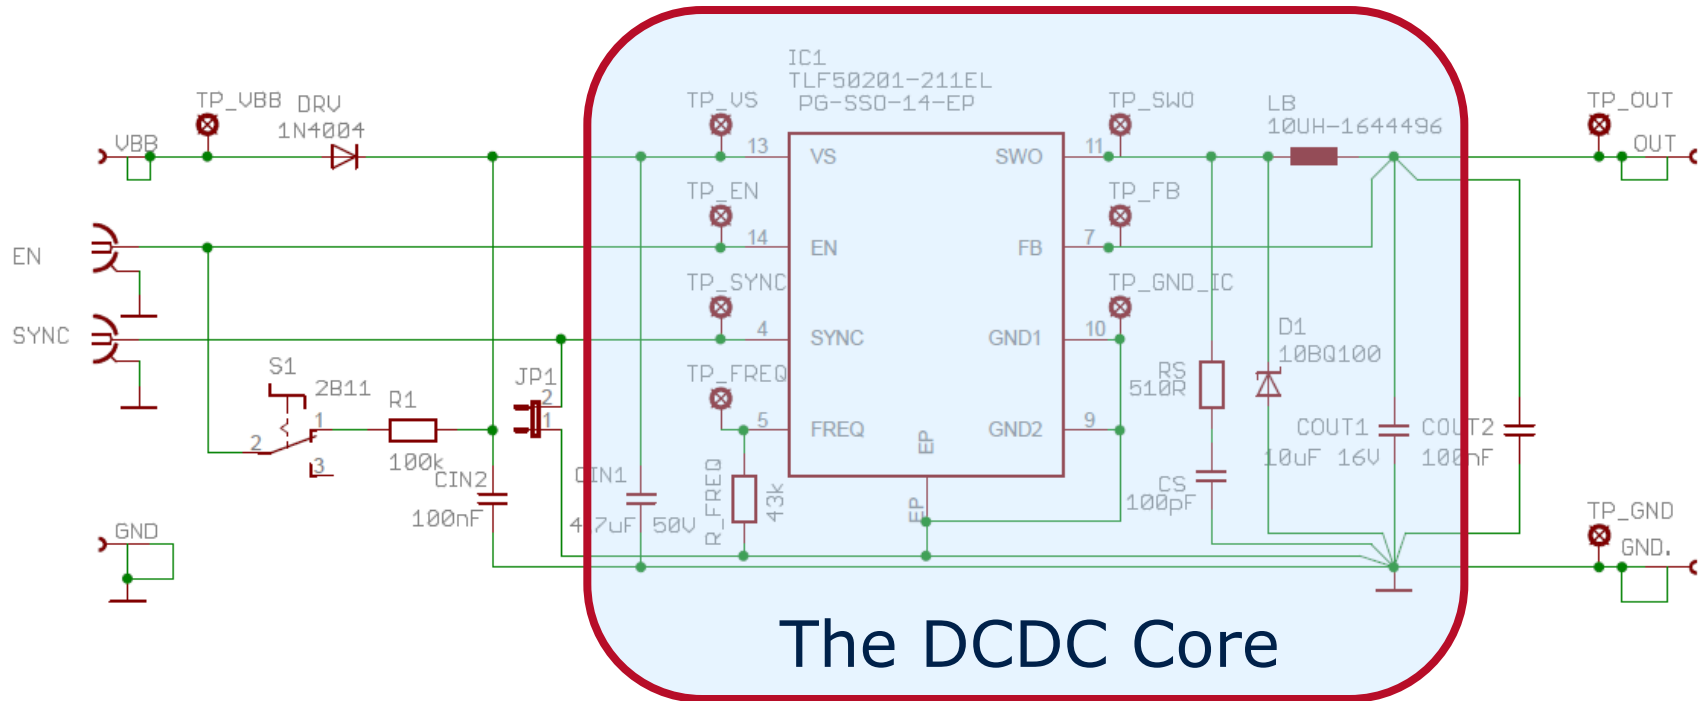

TLF50211EL Reference-Design Board Motivation

- Enables you to test the TLF50211EL in your application
- It is available in a 3 pin stand alone PCB
- It enables an easy replacement, test and fast prototyping
- It is equipped with a TLF50211EL with fixed output voltage (5 V)
- Reduces the design in efforts to a minimum

TLF50211EL Reference-Design Board

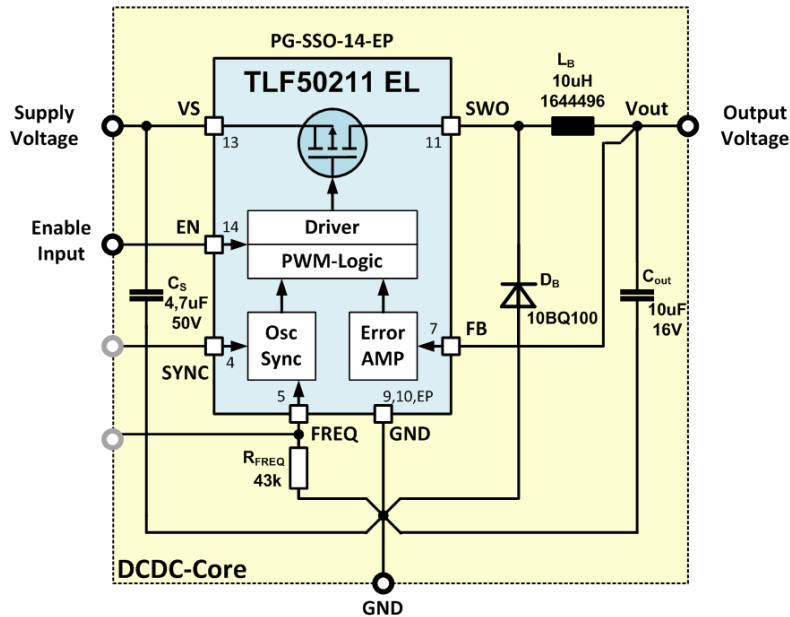

Buck Converter Core: A Small 3-pin PCB

The customer can very easily replace his present supply-IC (V-Reg or DCDC) by our TLF50211 on the -PCB.

TLF50211EL Buck Converter Core: Reference-Design Board

**Open-heart surgery
example:**

**Replacement of a TO220
VREG
in an automotive
application**
