# Pin out

## Description

Littelfuse MBR series Schottky Barrier Rectifier is designed to meet the general requirements of commercial applications by providing high temperature, low leakage and low V<sub>F</sub> products.

It is suitable for high frequency switching mode power supply, free-wheeling diodes and polarity protection diodes.

## Features

- High junction temperature capability
- High frequency operation • Common anode configuration in

RoHS PO

- Guard ring for enhanced ruggedness and long term reliability
- electrically isolated ITO-220AB package
- Low forward voltage drop

# Applications

- Switching mode power supply
- Free-wheeling diodes
- Polarity protection diodes

• DC/DC converters

## **Maximum Ratings**

| Parameters   | Symbol             | Test Conditions  | Max               | Unit |
|--|--------------------|--|-------------------|------|
