21.1mm x 36.8mm rectangular Panel Hole, 2.4mm to 4.7mm thick

Ingress Protection: IP66 (Contact Area)

## **Applications**

- Construction Equipment
- Agricultural Equipment
- Material Handling Equipment
- Commercial Vehicles

#### **Dimensions**

#### **Description**

Littelfuse Rocker Switches are designed for universal applications within harsh environments. Their mounting, body, and actuator features are designed for ease-of-use and extended product lifecycle.

The 58027 Series is our most popular line of unlit rocker switches. These products are single-actuator switches that are commonly used for in-cabin controls, but are IP66 rated against dust and moisture.
