

Jonard's cable cutters are made of chrome vanadium steel with induction-hardened cutting edges for maximum strength and durability. These cable cutters feature the following:

- Specifically designed for coax cables with steel center conductor
- Tested for over 25,000 cuts on CCSC (copper clad steel center) conductor cables without degradation of cutting edges
- Ergonomically designed handle with dipped plastic grip for greater comfort and torque
- This product is not for use on steel or ACSR type cable
