

TWSW-10

TWS-532/10

TWS-38/10

TWS-38/10 & TWS-532/10

Designed to be used on shield bond connectors and security screws with an appropriate driver, these sockets are perfect for communication cables, Network Interface Device (NID) mounting and other ground connections.

TWSW-10, TWSW-10SK & TWSW-40

Designed to properly torque security screws with a preset torque, these swivel head torque wrenches are perfect for Network Interface Device (NID) mounting, cable shield bond connectors and other ground connections.
