

Designed to quickly trace and identify cables, wires, and wire pairs. **TETP-800** includes **TEP-100** Tone Tracing Probe, **TET-600** Cable Tester & Toner, and (2) 9V Batteries.

Tester & Tone Generator:

- Provides tone via RJ11 connector or alligator clips
- Works with our TEP-100 tracing probe or others to identify cables
- Able to test the continuity of cables and the polarity of telephone lines
- Includes (1) 9V battery (required for operation)

Tracing Probe:

- Plastic probe tip prevents accidental shorts
- Adjustable volume knob to work silently or to hear tone more easily
- Works with many other manufacturers' analog tone generators
- Includes (1) 9V battery (required for operation)
