

Insulated Wrap-Unwrap Tool - Data Sheet

These insulated two sided wire wrapping and unwrapping tools are intended to be two tools in one. They are designed to produce perfect wire wrapping connections. Precision, long-lasting tools for use where occasional wire wraps are required or where power wire-wrapping tools are not practical. Compact and convenient. To switch from wire wrapping to unwrapping takes only seconds - just a quick change of the cap from one end to the other. Insulated handle for dielectric protection.
