|                        |                                                                                                                                           |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------|
| Application            | Data centers requiring quick infrastructure deployment with extended reach that want to maintain bandwidth throughout the infrastructure. |
| Assembly Length Range  | 0-9 m (0-32 ft)                                                                                                                           |
| Cable Color            | Yellow                                                                                                                                    |
| Connector 1 Type       | 24F MPO                                                                                                                                   |
| Connector 2 Type       | (2)12F MPO                                                                                                                                |
| Fiber Type             | OS2                                                                                                                                       |
| Flammability Rating    | Plenum (OFNP)                                                                                                                             |
| Length (ft.)           | 27.00                                                                                                                                     |
| Length (m)             | 8.23                                                                                                                                      |
| Standards              | TIA/EIA-598-C.3, Plenum Rated NFPA-262, LSZH-Rated, Meet IEC-60332, RoHS Compliant                                                        |
| RoHS Compliancy Status | Compliant                                                                                                                                 |
| Min. Order Qty.        | 1.0000                                                                                                                                    |
