14 pin Female/Male header strips MKR1000 printed, very useful for board extensions.

14 pin Female/Male header strips MKR1000 printed, very useful for board extensions.

We use them extensively on Proto Shield PCB, but they are useful in any shield because of their height.

Features:

Receptacle Style: Square

Number of Ways/Pins: 14

Pin Spacing: 2.54 mm

Component Height: 20.7mm (Plastic body 8.5mm - pins 12.2 mm)
