7600 SERIES DUAL CHAMBER MOD PLUG CRIMPER

Features & Benefits:

- ◆ Compound action produces high crimping force with minimum hand pressure.
- ◆ Lightweight design with the easy-reach frame increases productivity.
- ◆ A replaceable cutting and stripping blade facilitates the no-nick preparation of twisted pair cable.
- ◆ The dual chambers allow the crimping of different sizes or manufacturers of modular plugs.
- ◆ Interchangeable die sets are keyed together to guarantee perfect alignment.
- ◆ Color coded dies make change-over easy.
- ◆ RJ22, RJ11, RJ45 Stewart, RJ45 AMP and 10 Position die sets are available.
- ◆ Dies sets for the 7100, 7500, and 7600 Series are interchangeable.
