Designed with specialized magnetic armatures and coils, our general purpose relays easily handle current loads ranging from 10–15 A. With multiple features, and a broad line of sockets and accessories, these relays offer options to improve design, speed up installation, and simplify testing of your application.

Key Features

- Socket, panel, and DIN mounting options
- Multiple features and contact configurations available
- Optional protection, mounting, and identification accessories
- Ideal choice for direct replacement in MRO applications (maintenance, repair, and operations)
- UL Class I Division 2 models for hazardous locations

792 Control Series

DPDT 12 A; 4PDT 6 A and 3 A

792 Clear Cover

792 Full-Feature Cover

Description

The 792 plug-in control relays offer clear or full-feature covers with multiple mounting options and accessories. The 4PDT models save valuable space while adding increased functionality.

Feature	Benefit
12 A / 6 A / 3 A switching current	Ideal choice for various automation panels and controls
Clear or full-feature cover options	Full-feature covers include an LED indicator and a locking test button to facilitate maintenance and speed up commissioning
DPDT and 4PDT contact options	Simultaneous control of 2 or 4 separate circuits
Socket-mounting option	Simplified installation and maintenance; use of protection modules, hold-down clips, and other accessories
Gold-flashed contacts	Reduced contact oxidation and increased shelf life
Mechanical flag indicator (standard)	Display of the status of an unpowered relay during testing or operation

Legacy General Purpose Relays

788R Series

DPDT and 3PDT 10 A

7885 Clear Cover

7885 Full-Feature Cover

Description

The 788R Series square base, plug-in relays offer clear, full-feature, top flange, and side flange covers as well as optional sockets and accessories.

Feature	Benefit
10 A max. switching current	Ideal choice for automation panels and controls
Clear or full-feature cover options	Full-feature covers include an LED indicator and a locking test button
DPDT and 3PDT contact configurations	Simultaneous control of separate circuits
Socket-mounting option	Simplified installation and maintenance; use of protection modules, hold-down clips, and other accessories
Gold-flashed contacts	Reduced contact oxidation and increased shelf life
Mechanical flag indicator (standard)	Display of the relay status during testing or operation

The following relay/socket combinations comprise a UL Listed assembly when used together. This added benefit allows for easier installation, since no end-use evaluations are required when using our relays or sockets with third-party components.

Product Overview

Hold-Down Clips

For safely securing the relay to the socket. Available in plastic or stainless steel.

Socket Modules

For optional circuit protection (diode, MOV, or RC) or status indicator LED. Modules plug into mating sockets.

DIN Rail and Locking End Clip

For quick installation and removal of sockets.

Insulated Coil Bus Jumper System

For connection to adjacent sockets without tools or additional wiring.

Write-on ID Tags

For identification of relays in multi-relay circuits. The tag snaps onto the mating socket.

Legacy General Purpose Relays

Socket Accessories

Hold-Down Clips

Use the table below to select Schneider Electric hold-down clips based on socket and relay compatibility.

Key Features

- Stainless steel spring clips: secure the relay to the socket in harsh environments
- Plastic ejector clips: secure and eject relays from tight, multi-socket applications
- Plastic ID clips: easily identify circuits in multi-relay applications; include an ID tag with each clip

Typical Electromechanical Relay

General Purpose Relays

General purpose relays are electromechanical relays which consist of a coil, armature, and contacts (see the figure at left).

Principle of Operation

When power is applied to the coil, the resulting magnetic field causes the armature to move, and the contacts to open or close.

Applications

With multiple options, features, and available accessories, our general purpose relays offer a complete system solution to improve your design, speed up installation, and simplify testing of your application.

Typical Examples of General Purpose Relay Applications

Automation Panels

Process controls, motor controls, standby lighting

Food & Beverage

Commercial/industrial cooking equipment, filtration systems, bottling, chillers, convection ovens

Packaging Machinery

Conveyor motors, food processors, product/shrink wrap, solenoid controls

Lighting Control

Traffic signal systems, motorway information systems, theatrical lighting, ballast lighting

Power Supplies

Universal power supplies, battery backup systems

Material Handling

Motor control, conveyor controls

HVAC & Refrigeration

Anti-condensation equipment, compressor controls, blower controls, motorized duct/vent controls

Appliances

Air conditioners, water heaters, portable heaters, spa controls, water pumps

The Legacy Relays website (www.serelays.com) is designed to help you easily find the proper relay to fit your design requirements, and to help you simplify and shorten your workflow.

Easily find the proper relay to fit your design requirements

■ Online Catalog

Find the right product by choosing specifications, comparing products side-by-side, and viewing technical specifications, 2D and 3D drawings, and associated accessories.

■ Cross-Reference Search

Search our comprehensive database to identify products by manufacturer and part number, and link directly to part specifications.

■ 3D CAD Library

View, email, download, or insert a file directly into your open CAD software. Choose from 18 file formats.

■ Order Free Samples

Schneider Electric offers free samples as a courtesy to individuals and companies evaluating our products for their designs and applications. Sample orders are subject to approval.

3D Models

■ Interactive Tools

View interactive demonstrations, such as our Time Delay Relay Interactive Demo (left), which visually demonstrates the ten different timing functions offered.

■ Distributor Inventory Search

Search authorized distributors' current Schneider Electric inventory and buy online. (Buy online is not available for all distributors).
