

Wireless LAN + Bluetooth® Module

WYSBHVGXG

(IEEE802.11ac (1x1)+ Bluetooth® 4.2)

Data Report

The **Bluetooth®** word mark and logos are owned by the **Bluetooth** SIG, Inc. and any use of such marks by TAIYO YUDEN CO., LTD. is under license.

TAIYO YUDEN CO., LTD.

ATTENTION: This module requires device drivers that are under Japan export control. Depending on the customer's country and application (e.g. weapons), Taiyo Yuden may not be able to provide these drivers to all customers. Please contact your local Taiyo Yuden sales office for additional information.

To contact your local sales office and for additional product information, please visit www.ty-top.com.

TAIYO YUDEN CO., LTD.

Control No. HD-AG-A140346	Control name General Items
------------------------------	-------------------------------

Scope

This specification ("Specification") applies to the hybrid IC for use Wireless LAN and **Bluetooth®** Smart Ready module ("Product") manufacture by TAIYO YUDEN CO., LTD. ("TAIYO YUDEN")

1. Product Number: WYSBHVXGXG
2. Function: Radio frequency transfer Module. (**IEEE802.11ac/a/b/g/n** and **Bluetooth®4.2** standard)
3. Application: Smart Phones and Tablets, Ultrabooks, Home audio/Video systems, Mobile routers, Handy Terminal, Game, Audio-visual equipment, Digital home electrical appliance, Mobile printer.
4. This product conforms to RoHS Directive.
5. Outline: 70pin leadless chip carrier.
6. Marking: Part number and Lot number.
7. Features:
 - IEEE802.11ac/a/b/g/n** and **Bluetooth®4.2** standard
 - Interface: SDIO3.0, PCM
 - Embedded MPU for reducing loads on host processor
8. Security: TKIP, WEP, AES, CCMP, CMAC, WAPI, WPA/WPA2(64bit/128bit)
9. Packing: Packaging method: Reel
 - Packaging unit: 1500pieces/Reel
 - Package Material: PPE/ PET/AL/NY/PE
10. Mount: SMD Type
11. Note
 - a. This Product is not designed for radiation durable and should not be used under the circumstance of radiation.
 - b. The operating conditions of this Product are as shown in this Specification. Please note that TAIYO YUDEN shall not be liable for a failure and/or abnormality which is caused by use under the conditions other than the operating conditions hereof.
 - c. This Product mentioned in this Specification is manufactured for use in consumer products. Before using this Product in any special equipment (such as medical equipment, space equipment, air craft, disaster prevention equipment), where higher safety and reliability are duly required, the applicability and suitability of this Product must be fully evaluated by the customer at its sole risk to ensure correct and safety operation of those special equipments. Also, evaluation of the safety function of this Product even for use in general electronics equipment shall be thoroughly made and when necessary, a protective circuit shall be added at design stage, all at the customer's sole risk.
 - d. i) You are requested to fully check and confirm by the start of mass production of this Product that (1) no bug, defect or other failure is included in firmware incorporated in this Product ("Incorporated Software"), (2) no bug defect or other failure is caused by installation of this Product with Incorporated Software into customer's products, and that Incorporated Software fully meets customer's intended use, although TAIYO YUDEN sufficiently inspects or verifies quality of Incorporated Software.
 ii) Please note that TAIYO YUDEN is not responsible for any failure arising out of bugs or defects in Incorporated Software.
 - e. Communication between this Product and others might not be established nor maintained depending upon radio environment or operating conditions of this Product and other **ISM band** at 2.4GHz and 5GHz products.

TAIYO YUDEN CO., LTD.

WYSBHV GXG

TAIYO YUDEN CO., LTD.

Control No. HD-AM-A140346	(2/2)	Control name Absolute maximum ratings
------------------------------	-------	--

f. This Product operates in the unlicensed ISM band at 2.4GHz and 5GHz. In case this Product is used around the other wireless devices which operate in same frequency band of this Product, there is a possibility that interference occurs between this Product and such other devices. If such interference occurs, please stop the operation of other devices or relocate this Product before using this Product or do not use this Product around the other wireless devices.

g. Please evaluate adequately our module incorporated to your products before mass production.

h. Caution for Export Control

This Product may be subject to governmental approvals, consents, licenses, authorizations, declarations, filings, and registrations for export or re-export of the Product, required by *Japanese Foreign Exchange and Foreign Trade Law(including related laws and regulations)* and/or any other country's applicable laws or regulations related to export control.

In case you will export or re-export this Product, you are strongly recommended to check and confirm, before exporting or re-exporting, necessary procedures for export or re-export of this Product which is required by applicable laws and regulations, and if necessary, you have to obtain necessary and appropriate approvals or licenses from governmental authority at your own risk and expense.

TAIYO YUDEN CO., LTD.

WYSBHVXGXG

TAIYO YUDEN CO., LTD.

Control No. HQ-BA-523	(1/2)	Control name Handling Precaution
--------------------------	-------	-------------------------------------

This specification describes desire and conditions especially for mounting.

Desire/Conditions

(1) Environment conditions for use and storage

1. Store the components in an environment of < **40deg-C/90%RH** if they are in a moisture barrier bag packed by TAIYO YUDEN.
2. Keep the factory ambient conditions at < **30deg-C/60%RH**.
3. Store the components in an environment of < **25±5deg-C/10%RH** after the bag is opened.
(The condition is also applied to a stay in the manufacture process).

(2) Conditions for handling of products

Make sure all of the moisture barrier bags have no holes, cracks or damages at receiving. If an abnormality is found on the bag, its moisture level must be checked in accordance with 2 in (2). Refer to the label on the bag.

1. All of the surface mounting process (reflow process) must be completed **in 12 months** from the bag sea date.
2. Make sure humidity in the bag is less than **10%RH** immediately after open, using a humidity indicator card sealed with the components.
3. **All** of the surface mounting process (reflow process including rework process) must be completed in **168 hours** after the bag is opened (inclusive of any other processes).
4. If any conditions in (1) or condition 2 and 3 in (2) are not met, bake the components in accordance with the conditions at **125deg-C 24hours**
5. As a rule, baking the components in accordance with conditions 4 in (2) shall be once.
6. Since semi-conductors are inside of the components, they must be free from static electricity while handled.(<100V) Use ESD protective floor mats, wrist straps, ESD protective footwear, air ionizers etc. , if necessary.
7. Please make sure that there are lessen mechanical vibration and shock for this module, and do not drop it.

TAIYO YUDEN CO., LTD.

WYSBHV GXG

TAIYO YUDEN CO., LTD.

Control No. HQ-BA-523	(2/2)	Control name Handling Precaution
--------------------------	-------	-------------------------------------

8. Please recognize pads of back side at surface mount.
9. Please do not wash this module.
10. Please perform temperature conditions of module at reflow within the limits of the following.
Please give the number of times of reflow as a maximum of 2 times.

Recommended Reflow Profile

(3)Packaging Figure

TAIYO YUDEN CO., LTD.

The diagram illustrates the direction of a tape drawer and the layout of a tape module. The top part shows a circular tape module with a central hole and two trapezoidal holes. A tape drawer is shown partially inserted, with a label indicating 'The direction of a tape drawer' and an arrow pointing right. The bottom part shows a detailed view of the tape module layout, divided into three sections: 'End part', 'Module receipt part', and 'Leader part'. The 'End part' is labeled 'More than 160mm', the 'Module receipt part' is labeled 'More than 100mm', and the 'Leader part' is labeled 'More than 300mm'. An arrow at the bottom indicates 'The direction of a tape drawer' pointing right. A 'Direction Mark' is also indicated on the right side of the module.

TAIYO YUDEN CO., LTD.

Control No. HD-BB-A140346	(3/3)	Control name Taping Specification
------------------------------	-------	--------------------------------------

(6) Reel specification

Tape wide	8mm	12mm	16mm	24mm	32mm	44mm
W	9.4mm	13.4mm	17.4mm	25.4mm	33.4mm	45.4mm

(7) Taping performance

Both of an embossing tape top cover tape bear this, when the power of 10N is applied in the direction of a drawer.

The exfoliation adhesion of a top cover tape is the intensity of 0.1~1.3N.
(The angle to pull is 165~180 deg-C. The speed to pull is 300 mm/min.)

(8) Note

Lack of the parts in 1 reel is with two or less pieces.
