5-Outlet Surge Protector with 2 USB Ports (3.4A Shared) - 6 ft. (1.83 m) Cord, 450 Joules, Metal Housing

MODEL NUMBER: TLM526USBB

5-outlet surge protector safeguards your home/office electronics against dangerous surges, spikes and line noise.

Features

5-Outlet Surge Protector with USB Safeguards Your Sensitive ElectronicsIdeal for your home, office, retail or industrial workstation, this Protect It[®] 5-outlet surge protector features a surge protection rating of 450 joules to defend your sensitive electronic components against power surges and spikes. Because residential power outlets have three wires—hot line (H), neutral (N) and ground (G)—the TLM526USBB protects all three, covering the two protection modes: full normal mode (H-N) and common mode (N-G/H-G).

NEMA 5-15R Outlets Accept a Wide Range of Electronic DevicesPlug your computer, printer, wireless router, desk lamp and other home/office electronics into five NEMA 5-15R outlets to protect them against dangerous surges, spikes and line noise.

2 USB Ports Share 3.4 Amps of Charging PowerThis surge protector with 2 USB ports is ideal for keeping your devices at full capacity. Two USB-A ports are available for charging your smartphone, tablet and other USB mobile devices.

Premium Protection from EMI/RFI Line Noise Helps Your Equipment Perform Better Various electromagnetic and radio sources found in virtually every home and business can cause disruptive interference on the AC line. Known as EMI (electromagnetic interference) and RFI (radio frequency interference), this line noise is a common cause of performance problems. This surge protector filters out disruptive line noise that can disturb your electronics and inflict hardware damage or data loss. This EMI/RFI filtering also helps your connected components perform better and last longer.

Includes the Latest Safety Features The lighted on/off switch provides one-touch control over connected equipment.

Versatile Surge Protector Provides Multiple Installation OptionsThis surge protector with 6-ft. (1.83 m) cord and NEMA 5-15P plug gives you flexibility in placing the unit away from the nearest wall outlet.

Highlights

- 5 NEMA 5-15R outlets distribute AC power to connected home/office equipment
- 450 joules protect your valuable electronics against dangerous surges and spikes
- 2 USB ports share 3.4A for fast charging of phones, tablets and other mobile devices
- 6-ft. (1.83 m) cord with NEMA 5-15P plug allows flexibility in placing devices away from AC outlet
- Durable metal housing designed to stand up in harsh environments, such as warehouses

Applications

- Protect computers, peripherals, home theater equipment and other valuable electronics against AC power surges and spikes
- Filter potentially damaging line noise to improve connected equipment's performance and lifespan
- Safeguard valuable data against damage stemming from unexpected surges
- Charge smartphones, tablets or other USB devices via USB ports

Package Includes

 TLM526USBB Protect It! 5-Outlet Surge Protector, Black

Metal Housing

Specifications

OVERVIEW		
UPC Code	037332223470	
Product Type	Surge Protector	
Charging Form Factor	Strip	
Device Compatibility	Phone; Tablet; Amazon Kindle	
INPUT		
Nominal Input Voltage(s) Supported	120V AC	
Recommended Electrical Service	120V (110-125V)	
Input Cord Gauge Type	14 gauge; SJT	
Voltage Compatibility (VAC)	120	
Maximum Surge Amps	35500	
Input Plug Type	NEMA 5-15P	
Input Cord Length (ft.)	6	
Right-Angle Plug	No	
Input Cord Length (m)	1.83	
Integrated Cord Clip	No	
OUTPUT		
Frequency Compatibility	50 / 60 Hz	
Output (Watts)	1800	
Output Receptacles	(5) 5-15R	
Circuit Breaker (amps)	15	
Overload Protection	15A resettable illuminated combo switch / circuit breaker	
Transformer Accommodation	(3) Yes	
Outlet Orientation	Single row of 5 outlets	
Right-Angle Outlets	Yes	
USER INTERFACE, ALERTS & CONTROLS		
Diagnostic LED(s)	Yes
