

A diagram showing a square cross-section of a column. Inside the square, there are four vertical lines representing reinforcement bars, spaced evenly across the width of the section.

Technical drawing of the 1000 series connector. The top view shows the side profile with dimensions: $K \pm 0.5$ (total length), B (male pin length), C (female socket length), H (total height), G (height to the top of the female socket), F (height to the top of the male pin), and r_1 (fillet radius). The bottom view shows the front profile with a chamfer of 10 degrees indicated by a triangle with the number 10.
